

If you're experiencing any COVID like symptoms, or have been in contact with anyone showing symptoms in the last 14 days, please reschedule your appointment for everyone's safety. Screening will also take place on arrival at the salon.

Arrive as close to your appointment time as possible. Remain in your car/outdoors and your stylist will call you when they're ready to welcome you in.

Please ensure we have your up to date mobile number on file

Please come to your appointment alone. We are unable to offer a waiting room for extra guests at this time.

For the time being we are no longer allowed to offer drinks, snacks, or magazines. Please feel free to bring your own drink in a reusable container you can take with you upon leaving your appointment.

Bring as few personal belongings as possible to your appointment. Please leave purses/bags in your vehicle where possible.

Please sanitize your hands with the provided sanitizer before entering the building and again on your way out.

Wear a non-medical mask to your appointment. If you do not have one, one will be supplied to you.

Appointment times have been extended to allow for increased sanitizing between appointments. Your stylist will be sanitizing their station and tools between each client.

Maintain physical distance where possible. The salon will be running at 50% capacity and open 7 days a week to allow for physical distance between stations.

We will only be accepting debit/credit as payment. No cash please.
